- ErP-compliant

USER-FRIENDLINESS

- LCD digital controls showing temperature and energy consumption
- ASP (Anti-Staining Process) to reduce staining on wall and on equipment
- Easy to install: H-shaped vertical support

The Tatou is a digital radiant panel heater which is available in horizontal and vertical models. Using Infra Red technology it offers greater energy savings compared to a conventional electric heater. With absence and presence detectors, open window detection and a super sleek design means the Tatou heater is not only functional but stylish too. Bringing lasting, comfortable heat to your home.

* Compared to a mechanical convector
